

## Executive Order 2

### State of Åland overpopulation problem solution

1. A population cap of 15 will be imposed.
2. This will hold unless the State of Åland expands its territorial control to be able to house a bigger population.
3. Immigration is included into the population cap.
4. Refugees are included into the population cap.
5. This will be enforced by the Police of the State of Åland.
