State of Emergency

April 2, 2020
By Royal Decree,

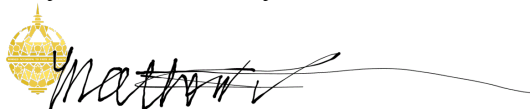

Effective immediately, I hereby declare a nationwide State of Emergency. The reason for this declaration is to slow the spread of the Coronavirus, and prevent this disease from infecting our people. This is an issue that threatens public safety.

The border will be put on lockdown, and nobody will be granted entry without prior permission from the government. It is encouraged that all citizens remain home, except to buy food or receive medical care.

It is my solemn duty to protect the people of this country, and to ensure peace and security to our society, and to act on any threats to this nation.

This State of Emergency will remain in effect until further notice.

Stay safe and healthy,
