

Declaration
of
True Sovereignty
and
Autonomy

As of February 5th, 2022, I, Zane F. Crosby, declare that the Island of Siga, The Town of 1 Thousand Oaks is now under the control of The Republic of Socaland, and will no longer be controlled by any governing body that states its ownership of the Island.

Any governing body that states its ownership of the Island will be dismissed and denounced by the government of The Republic of Socaland and by any future allies.

Any governing body that states its ownership of the Island will be under risk, from now and on, to be seen as a threat, and might possibly be at war with The Republic of Socialand if The Republic of Socaland sees fit to declare.

I will end this document with restating that The Republic of Socaland now governs the Siga Island, and will be treated as such.
